

CAPABILITY STATEMENT

COMMERCIAL

Australian Family
Business

Energy Efficient
Manufacturing

We can satisfy your
needs of
any type, brand, grade or
shape of insulation you
require.

We supply Builders, Roofers,
Metal Fabricators
and many commercial and
Industrial organisations

YOUR *SUSTAINABILITY* JOURNEY STARTS HERE

Eureka Insulation, established in **1982** is one of the largest distributors of insulation in Australia. In providing manufacturing services for the largest manufacturers in Australia and operating as a full service insulation distributor, fabricator and contractor it is our combined **150 years** of experience and proven results that see Eureka as a preferred supplier throughout the industry. Project by project, we have built our reputation by delivering the best solutions to our clients, on time and on budget. We have created long lasting relationships by adding value in sustainability, energy and quality efficiencies.

Complementing the already stellar Western Sydney University campus, insulation provided for the Werrington Park Corporate Centre required aestheticism and functionality like no other. Encompassing an expanse of almost 3000sqm, Eureka Insulation was tasked with the challenge of providing rigid board insulation for the soffit over the open air, unconditioned carpark below.

Awarded the tender to put up soffit insulation in the basement of Wentworth Point Marina, the team at Eureka Insulation consistently worked to exceed client expectations. As the clients were more than satisfied with the results from Eureka Insulation, we were awarded more work and provided rigid soffit boards on the ceilings and rooftop as well.

South Village built on the old Brick Pit site at Kirrawee. Eureka Insulation completed Soffit Insulation to the entire Retail Space, which Included exposed Insulation with White Aesthetic Finish to the Coles Retail, and standard finish behind linings to ALDI, Criniti's Restaurant, Guzman Y Gomez, Grill'd, Plus Fitness, and a number of other specialty retail outlets. With our Scope of Works spread over a number of Building Structures and construction zones, the timing of our install and ability to meet program was an essential ingredient to our success on this project.

A SUSTAINABLE REPUTATION

At Eureka, Your Trust Is Important To Us !

Trust is defined as to have confidence, faith or hope in someone or something. When you deal with Eureka Insulation, we intend to build your trust in us through integrity, clear communication and actions. We look forward to working with you and contributing to your success.
