

Material Safety Data Sheet - MSDS

Section 1:

Identification of the Material and Supplier

Product Name: Autex Insulation

Other Names: GreenStuf, QuietStuf, DuctStuf, QuietSpace

Recommended Use: Thermal and Acoustic insulation. Padding and Wadding. Used in Homes, commercial buildings, automotive, industrial, white goods, transport

Supplier: Autex Pty Ltd
166 Bamfield Road
Victoria 3081
PH + 61 3 9457 6700
FAX + 61 3 9457 1020
Web www.autex.com.au

Section 2:

Hazards Identification

Statement of Hazardous Nature: Classified as Non-Hazardous according to the criteria of the Australian Safety and Compensation Council ASCC. Approved criteria for classifying Hazardous substances. [NOHSC: 1008] 3rd edition

Section 3:

Composition/ Information on Ingredients

Chemical Name: Polyester

CAS number# 2503859-9

Proportion: 100%

Section 4:

First Aid Information

Swallowed: If swallowed do not induce vomiting, give a glass of water

Skin: Brush off

Inhaled: Fibres are not of respirable size

Eye: If the product comes into contact with the eye, immediately hold the eye open and wash with fresh water. If pain persists seek medical advice

Section 5:

Fire Fighting Measures

Slight fire hazard when exposed to flame. Combustion products include Carbon Monoxide; Material will shrink away from flame and may drip

Fire fighting Procedures: Alert Fire brigade of location and nature of fire

Extinguishing Media: Water spray or fog, foam, dry chemical

Section 6:

Accidental Release Measures

Product should be re-contained in existing or new bags, No precautions necessary

Section 7:

Handling and Storage

Handling: No Precautions necessary

Incompatibilities: Segregate from strong oxidizers

Section 8:

Exposure Controls / Personal Protection

No controls or Precautions necessary

Section 9:

Physical and Chemical Properties

– N/A = Not Applicable

Appearance: A mat of white or coloured fibrous material supplied in Batt or roll form in various thicknesses, and densities. May be faced with a variety of materials including foils

Odour: None

pH: 7.8

Boiling Point: N/A

Melting Point: 250o C

Vapour Pressure: N/A

Specific Gravity: 1.38

Solubility in Water: N/A

Evap Rate: Not N/A

Vapour Density: N/A

% Volatiles: <.01%

Flash Point: N/A

Decomposition Temp: > 250o C

Lower/Upper Exposure Limits: N/A

Material Safety Data Sheet

Section 10:

Stability and Reactivity

Segregate from strong oxidizers

Section 11:

Toxicological Information

Product is Nontoxic by any route: May provide mild mechanical irritant to eyes

Section 12:

Ecological Information

Product does not contain any Ozone depleting chemicals, Not classified as a hazardous air pollutant

May be fully recycled

Section 13:

Disposal Considerations

May be fully recycled and full Product stewardships programs available. Any wastes should be disposed of in accordance with local authority guidelines. Not classified as hazardous waste

Section 14:

Transportation Information

No special guidelines, No classifications, Not a dangerous good

Section 15:

Regulatory Guidelines

None allocated

Section 16:

Other Information

GreenStuf and QuietStuf® products are manufactured in Australia by Autex Pty Ltd an ISO9001 quality and ISO14001 environmental certified company. Autex retains the right to change products and specifications without prior notice. If a specification is critical to end use situation please discuss your requirements with your Autex representative. QuietStuf® and GreenStuf are registered trademarks of Autex Industries Ltd
