

Safety Data Sheet

1. Identification of the substance/mixture and of the company/undertaking

Trade name

- Relevant identified uses of the substance or mixture and uses advised against
- Application of the substance/the preparation

Details of the supplier of the safety data sheet

- Manufacturer/supplier

Emergency telephone number:

SOLITEX EXTASANA®

No further relevant information available.

Sealing.
Weather Resistive Barrier.

Australia:

15-21 Doody St Alexandria, Sydney, 2015
PO Box 924, Gosford, NSW 2250

Wall Weather Resistive Barrier

2. Hazards identification

Classification of the substance or mixture • Classification according to Regulation (EC) No. 1272/2008 • Classification according to Directive 67/548/EEC or Directive 1999/45/EC • Information concerning particular hazards for human and environment Label elements • Labelling according to Regulation (EC) No 1272/2008 • Hazard pictograms • Signal word • Hazard statements Other hazards Results of PBT and vPvB assessment • PBT • vPvB	The product is not classified according to the CLP regulation. Void. The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version. Void. Void. Void. Void. Not applicable. Not applicable.
---	---

3. Composition/information on ingredients

• Chemical characterisation • Description • Dangerous components • Additional information	Mixtures. Composite material. Void. For the wording of the listed risk phrases refer to section 16.
--	---

Wall Weather Resistive Barrier

4. First aid measures

Description of first aid measures	
General information	No special measures required.
After inhalation	Not applicable.
After skin contact	Instantly rinse with water.
After eye contact	Rinse opened eye for several minutes under running water then consult doctor.
After swallowing	Seek immediate medical advice.
Information for doctor	No particular measures are known – treat according to symptoms.
Most important symptoms and effects, both acute and delayed	No further relevant information available.
Indication of any immediate medical attention and special treatment needed	No further relevant information available.

5. Firefighting measures

Extinguishing media	
Suitable extinguishing agents	CO ₂ , extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
For safety reasons unsuitable extinguishing agents	Water with a full water jet.
Special hazards arising from the substance or mixture	Formation of toxic gases is possible during heating or in case of fire.
Advice for firefighters	
Protective equipment	Do not inhale explosion gases or combustion gases.
Additional information	Dispose of fire debris and contaminated firefighting water in accordance with official regulations.

Wall Weather Resistive Barrier

6. Accidental release measures

- Personal precautions, protective equipment and emergency procedures
- Environmental precautions
- Methods and material for containment and cleaning up
- Reference to other sections

Ensure adequate ventilation.

Do not allow product to reach sewage system or water bodies.

Collect mechanically.

See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for information on disposal.

7. Handling and storage

Handling

- Precautions for safe handling
- Information about protection against explosions and fires

Conditions for safe storage, including any incompatibilities

- Requirements to be met by storerooms and containers
- Information about storage in one common storage facility
- Further information about storage conditions:
- Storage class
- Specific end use(s)

No special precautions necessary if used correctly.

No special measures required.

No special requirements.

Not required.

None.

11.

No further relevant information available.

8. Exposure controls/personal protection

- Additional information about design of technical system

Control parameters

- Components with limit values that require monitoring at the workplace

- Additional information

Exposure controls

Personal protective equipment

- General protective and hygienic measures
- Breathing equipment
- Recommended filter device for short term use
- Protection of hands

- Material of gloves

- Penetration time of glove material
- Eye protection
- Body protection

No further data; see item 7.

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

The lists that were valid during the compilation were used as basis.

Not applicable.

Not applicable.

Not applicable.

Protective gloves.

The selection of suitable gloves depends on the material and on marks of quality, which vary between manufacturers. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance. Glove resistance and suitability should therefore to be checked prior to the application.

Not applicable.

Not applicable.

Protective work clothing.

9. Physical and chemical properties

Information on basic physical and chemical properties

General Information

• Appearance:	Solid.
Form	Blue.
Colour	Not determined.
Odour	Not determined.
Odour threshold	
• pH-value	Not applicable.
• Change in condition	
Melting point/Melting range	Not determined.
Boiling point/Boiling range	Not determined.
• Flash point	Not applicable.
• Inflammability (solid, gaseous)	Not determined.
• Ignition temperature	Not determined.
• Decomposition temperature	Not determined.
• Self-inflammability	Product is not self-igniting.
• Danger of explosion	Product is not explosive.
• Critical values for explosion:	
Lower:	Not determined.
Upper:	Not determined.
• Vapour pressure	Not determined.
• Density at 20°C	Not determined.
• Relative density	Not determined.
• Vapour density	Not applicable.
• Evaporation rate	Not applicable.
• Solubility in/miscibility with water:	Insoluble.
• Partition coefficient (n-octanol/water)	Not determined.

Wall Weather Resistive Barrier

• Viscosity dynamic kinematic	Not applicable. Not applicable.
• Solvent content Organic solvents	0.0 %
• Solids content	100.0 %
• Other information	Refer to technical specification.

10. Stability and reactivity

Reactivity Chemical stability

• Thermal decomposition/conditions to be avoided	No decomposition if used according to specifications.
• Possibility of hazardous reactions	No dangerous reactions known.
• Conditions to avoid	No further relevant information available.
• Incompatible materials	No further relevant information available.
• Hazardous decomposition products	No dangerous decomposition products known.

11. Toxicological information

Information on toxicological effects Acute toxicity

• Primary irritant effect on the skin on the eye	No irritant effect. No irritant effect.
• Sensitisation	No sensitising effect known.
• Additional toxicological information	The product is not subject to classification according to the calculation method of the General EC Classification.
• Guidelines for preparations as issued in the latest version	When used and handled according to specifications, the product does not have any harmful effects according to the supplier's experience and the information provided to the supplier.

12. Ecological information

Toxicity • Aquatic toxicity • Persistence and degradability Behaviour in environmental systems • Bioaccumulative potential • Mobility in soil Additional ecological information • General notes • Results of PBT and vPvB assessment PBT vPvB • Other adverse effects	No further relevant information available. No further relevant information available. No further relevant information available. No further relevant information available. Generally, not hazardous for water. Not applicable. Not applicable. No further relevant information available.
--	---

13. Disposal considerations

Waste treatment method • Recommendation • European waste catalogue 17 00 00 17 06 00 17 06 04 • Uncleaned packaging Recommendation	Smaller quantities can be disposed with household waste. Construction and demolition wastes (including excavated soil from contaminated sites). Insulation materials and asbestos-containing construction materials. Insulation materials other than those mentioned in 17 06 01 and 17 06 03. Disposal must be made according to official regulations.
---	--

Wall Weather Resistive Barrier

14. Transport information

UN-Number ADR, ADN, IMDG, IATA	Void.
UN proper shipping name ADR, ADN, IMDG, IATA	Void.
Transport hazard class(es) ADR, ADN, IMDG, IATA Class	Void.
Packing group ADR, IMDG, IATA	Void.
Environmental hazards Marine pollutant	No.
Special precautions for user	Not applicable.
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code	Not applicable.
Transport/Additional information	Not dangerous according to the above specifications.

15. Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture
National regulations

Water hazard class	Generally, not hazardous for water.
Chemical safety assessment	Chemical Safety Assessment has not been carried out.

16. Other information

This data are based on the supplier's present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

- Abbreviations and acronyms

ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
IMDG: International Maritime Code for Dangerous Goods
IATA: International Air Transport Association
GHS: Globally Harmonized System of Classification and Labelling of Chemicals
EINECS: European Inventory of Existing Commercial Chemical Substances
ELINCS: European List of Notified Chemical Substances
CAS: Chemical Abstracts Service (division of the American Chemical Society)
